

MUHAMMAD RIZWAN

FRONTEND DEVELOPER.

ABOUT ME

"I am Rizwan Idrees, a passionate Frontend Developer with a strong foundation in HTML, CSS, and JavaScript. I specialize in building responsive, user-friendly web applications that offer seamless user experiences. Currently, I am deepening my expertise in React, a powerful JavaScript library for creating dynamic and interactive UIs. I thrive in collaborative environments and enjoy turning complex design concepts into clean, functional code. My focus is on writing efficient, maintainable front-end solutions that enhance performance and usability across devices"
